The New Patent Fashion Skirt. This Skirt is made from Cloth woven expressly for it, and in such a manner that the Springs are completely hidden. It being whole, like a common muslin skirt, the old difficulties of getting the fact entangled among the wires, or catching the wires on obstacles in the path, or on carriage or car steps, etc., are overcome, and the liabilities to the many accidents, which have herestofore so often proved fatal to life and limb, are most surely avoided. The Skirt can be made in any form desired, and owing to the support given by the cloth an Eliptic Spring is used, which not only adds much to its grace and elegance, but renders it

used, which not only adds much to its grace and elegance, but renders it THE MOST FLEXIBLE SKIRT MADE! The Cloth from which this Skirt is made is woven very light, and the support

which each spring receives on all points by the springs near it, renders a less number of springs necessary than usually required in the Common Skeleton Skirt to give the same elegance of form. Hence, the Skirt, though a whole Cloth Skirt, IS NO HEAVIER than an ordinary Skeleton Skirt.
